EYEBROW WIGS

Replace or enhance your existing eyebrows with our durable human hair eyebrow wigs. Made with graft technology, these amazing brows are individual human hairs on an ultra light skinned base. They can be safely bonded right over your existing brows, and they flex with your facial expressions. Swim, shower and be as active as you like, these incredible brows are a great choice for women with medical hair loss like chemo, alopecia, or natural hair loss that comes with the aging process. They come in 3 eyebrow arch styles, and 4 different colors.

HOW TO APPLY

1. Clean skin with soap and water, let dry.
2. Place Eyebrow on your face and mark inside corner with eyebrow pencil.
3. Place Eyebrow hair side down on a flat surface and apply small amount of white adhesive on back side of brow with chisel tip sponge or Q-Tip.
4. Let dry for 3-5 mins until white glue dries clear.
5. Apply brow from inside of the brow to outside.
6. Eyebrows can be lifted and repositioned if done immediately.
7. When location is good, press the eyebrow down to skin.
8. Let adhesive dry for 24 hours before getting the eyebrow wet.
